

## SGECR Tenth International Conference, Strasbourg 2018

The organisers of the conference have decided to let the participants organise their trip and take care of both accommodations and catering by themselves. However, in order to help the participants, we provide a list of hotels, restaurants and cafés around the conference venue.

### Hotel List:

In addition to using on-line hotel reservation websites, such as Booking.com, or on-line apartment booking websites, such as Airbnb, you can book a room for the duration of your stay in Strasbourg in one of the hotels from this hotel list.
